C. J. 7-86.

Mr. Molloy in D/O to me of 2nd November applied for the severance of his Connection with the Mysore State & for the bonus accruing to him on account of his service of about 7 years.

He asks me to lay his Case before you, and to urge that you may "kindly Consider that service being in Mysore (now nearly seven years) the only leave of any kind I (he) have had was 3 months privilege leave last year and that in addition to the bonus you may think fair to sanction you will kindly grant him 7 months furlough"

Under the rules Mr. Molloy, on his quitting the Mysore Service and forfeiting claim to pension

is entitled to one months pay
(emoluments at time of
his retirement) for each
year he has served - That
would amount to $6 \times 850 = \underline{\underline{Rs 5100}}$.

Under Civil Service

Code furlough is not allowed
until after 10 years completed
service - The Concession of
7 months furlough Mr.
Molloy asks for means that
he should receive from
May 1881 from date of his
retirement furlough pay,
i.e. half pay, for 7 months,
in addition to the bonus

It is for you to decide
whether Mr. Molloy's claims
and service warrant this
concession otherwise inadmissible.

Mr. Molloy has, in my
opinion done excellent
work for the State, and
he has I believe suffered
considerably in his
prospects by his transfer
in 1881 from the Bombay

W. 4. 7. 86

service to Mysore. at same time it must be remembered his service in Bombay was only "temporary". He might eventually have been brought on to the permanent list there, but that is extremely doubtful though it is probable, judging from the record, that he would have risen to high temporary rank in that Presidency.

Mr. Molloy's submission of this application to me direct & demi-officially may have been irregular, but as it is a purely personal matter with which neither the Bombay Govt. nor the S. M. Ry. Com. have any concern, perhaps this may be overlooked. At all events, not being sure as to the course which should have been followed, I have dealt with the

question at once

Notification No: 118 dated the 10th July 1886.
A.H.

The management of the Mysore State Railway has this day been transferred to the Southern Mahratta Company (limited).

2. The establishment hitherto employed by the State in the working of the Railway, has also been transferred to the Company, with the exception of the few officers who have been given notice that their services would not be required in the future. The officers and servants of all grades who have been transferred to the Company, are hereby required to place themselves under the orders of the Agent. Such of them as are on the pensionable service of the State will, notwithstanding such transfer, continue to be regarded as belonging to the State service, but they must keep alive their claims for pension from the State by paying the contributions prescribed in that behalf by the Civil Pension Code.
3. It must be understood that the transfer makes no change in the civil, criminal and Police jurisdiction hitherto exercised over the line of the State Railway by the proper officers of the Mysore State in accordance with the laws for the time being in force.

4. The Medical staff and arrangements will continue to be, as hitherto, under the control of the Senior Surgeon to the Mysore Government, pending further orders.

5. All contracts with the Mysore Government that have not lapsed by failure on the part of the contractors, will continue in force until the expiry of the date specified for completion, or until non-fulfilment of any of the terms of the agreement.

6. Arrangements at present obtaining for the supply of fuel by the Forest or Revenue officers of the State will hold good, pending arrangements on the part of the company for the future supply.

My dear Mr. Sheshadri Iyer,
With reference to my note
submitting yesterday for your consideration
Mr. Kallappa's application for a bonus, &c, would
you kindly defer consideration thereof for
a few days. I met Mr. Kallappa this
morning, and on his informing me that
a Resolution of the Govt of India had been
issued defining the status of the officers of
the S. M. Ry. Coy. formerly in the Mysore
State service and on its pensionable list
advised him that he had been pensioned, he
is not awaiting this decision before
for final severance of his connection
He agreed in this, and consequently

to ask you not to consider his application
until the terms of the Resolution in question
are known. —

I started on tour this morning. The
Ricketts are here, at the Big Camp above
(just below). I shall get to Suva on
Tuesday, Hiriqun Thursday, Chittaldong
on Saturday, & so on — doing as much
as I can on the way. I shall get to
Themsigah Division in about 15 days &
work round it to Kefepa & Chikungah, &c.

I ordered copies of all letters coming
to the Campdon Office about the tents
ordered for H.H.'s tour to be sent at once

The attention of the Comptroller and of the European Officers of the British Government, whose services are lent to the Darbar, is called to the Government of India Resolution No. 3183 *Ex.*, dated 26th June 1894 (Gazette of India, June 30, 1894, page 396). This Resolution cancels the ruling in Government of India Resolution of the 6th February 1894 for calculating exchange compensation on assumed pay, and orders will hereafter issue regarding the corresponding alteration of the orders of the Mysore Government, No. 17449—G. NOTIFICATION.

Accounts and Finance—Rates of Exchange.

No. 3624 A.

Simla, the 18th August 1893.

RESOLUTION.—By the Government of India, Finance and Commerce Department.

During the past year and a half numerous representations have reached the Government of India from European officers in Government service, bringing to notice the hardship which they have undergone in consequence of the fall in the rate of exchange, and praying for the adoption of measures of relief. The facts which came to the knowledge of the Government of India left no doubt that the distress from which their servants were suffering was widespread and severe; and His Excellency the Governor-General in Council has lost no opportunity of expressing his sympathy with those who have been affected, and of urging upon the Secretary of State the necessity of applying an early and adequate remedy. It was not, however, found possible to deal with the matter while measures regarding the reform of the currency were still under consideration. His Excellency the Governor-General in Council is now able to announce that the Secretary of State has been pleased to accord his sanction to the following scheme.

To every European and Eurasian officer of Government, Civil and Military, not domiciled in India (except those whose pay is fixed in sterling and converted into rupees annually at the official adjusting rate) will be granted an allowance, to be designated Exchange Compensation Allowance, sufficient to enable each officer to remit to Europe one-half his salary, subject to a maximum limit of £1,000 a year, at a privileged rate. The privileged rate has been fixed until further orders at 1s. 6d. the rupee. The allowance, which will be admissible whether any remittance is actually made to Europe or not, will be given in the form of a percentage on the officer's salary, varying with the rate of exchange assumed as the market rate for the quarter, and calculated to yield an amount equal to the difference between one-half salary converted at 1s. 6d., and one-half salary converted at the average market rate. The allowance will be payable month by month along with pay, and under the Rules under which pay is drawn; and will be subject in every case to an annual maximum equal to the difference between £1,000 converted at 1s. 6d., and the same sum converted at the average market rate.

2. Rules have been framed prescribing the manner in which the percentage for each quarter shall be calculated, and defining the conditions under which the allowance may be drawn, and these are published herewith for general information. The Secretary of State has been pleased to authorize effect being given to the rules from the beginning of the current official year 1893-94, and the allowance will accordingly be granted in respect of all payments of salary which became payable on or after the 1st April 1893. For the first quarter of the present official year, April to June, the percentage has been fixed at 10·81, corresponding to an exchange of 1s. 2½d. to the rupee, this being the actual average rate during that quarter. For the second quarter, July to September 1893, the percentage has been fixed at 7·6, corresponding to an exchange of 1s. 3½d., that being the actual average market rate from 1st July to the date of the Secretary of State's sanction to the scheme now announced. For future quarters the percentage will be fixed in the manner prescribed in the Rules.

3. From the date when these Rules come into force, the present system under which family remittances are made through the Government account by Military officers and some others will cease, except in cases where this course is inconsistent with the terms of any contract of service. In the case of officers who have made family remittances since the 1st April last, an adjustment will be made when paying them their arrears of Exchange Compensation Allowance. Officers who have made family remittances since 1st April last, should refer to their Account Officer before presenting for payment their bills for the arrears from 1st April of the Exchange Compensation Allowances now sanctioned.

4. The Secretary of State has further been pleased to sanction the payment of furlough allowances from the Home Treasury at the same privileged rate of 1s. 6d. to the rupee. This concession also will take effect from the 1st April last in lieu of the special rate of 1s. 4½d. provisionally sanctioned in the Notification in this Department, No. 823A, dated the 27th February 1893, published in the *Gazette of India* of the 4th March 1893.

ORDER.—Ordered, that the Resolution be communicated to the several Departments of the Government of India; to all Local Governments and Administrations; to all Heads of Departments subordinate to the Finance Department; to the Comptroller and Auditor-General; and to all Accountants-General and Comptrollers.

ORDERED ALSO, that the Resolution be published in the *Gazette of India*.

Rules referred to in paragraph 2 of Finance Department Resolution No. 3624A. of 18th August 1893.

EXCHANGE COMPENSATION ALLOWANCE.

1. The allowance admissible under these Rules is called Exchange Compensation Allowance. It is granted to European and Eurasian officers of Government not domiciled in India to compensate them for the extra cost of remittance to Europe occasioned by the fall of the value of the rupee below 1s. 6d., which is herein called the "privileged rate."

2. The allowance is granted with the view of enabling every European or Eurasian officer of Government not domiciled in India to remit to Europe half his salary at the privileged rate, subject to a maximum limit of £1,000 a year.

3. In case of doubt, the Local Government will decide whether any officer is domiciled in India, or not so domiciled for the purposes of these Rules. But any European or Eurasian officer to whom the Rules in Chapter XIII of the Civil Service Regulations apply may be assumed without further proof to be entitled to the allowance admissible under these Rules.

4. The allowance is not admissible to any officer whose pay is fixed in sterling and is converted into rupees at the rate of exchange fixed annually for the adjustment of transactions between England and India.

5. The allowance is granted irrespective of whether any remittance is actually made or not.

6. Officers will be enabled to remit half salary at the privileged rate if they receive a percentage on half salary equal to the proportion by which the privileged rate exceeds the market rate of remittance, or half that percentage on the full salary. The allowance is accordingly given in the form of a percentage on the full salary drawn limited to the amount which would be admissible on a remittance of £1,000.

7. The percentage will be calculated for each quarter with reference to the difference between the privileged rate and the rate fixed as the approximate market rate applicable to the quarter—see rule 8. Thus, if the market rate of exchange applicable to any quarter is 1s. 4d., the difference between this and the privileged rate is equivalent to a percentage of 12½ on that market rate, and the difference between the cost of remitting £1,000 at 1s. 6d. (Rs. 13,333½) and at 1s. 4d. (Rs. 13,000) is Rs. 1,666½. The allowance payable during the quarter would therefore be granted at 6½ per cent on the full salary, limited to the maximum of Rs. 1,666-10-8.

8. The market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the preceding quarter, and will be calculated and notified by the Comptroller-General before the beginning of the quarter.

9. The market rate fixed for any quarter will be applicable to all payments of salary falling due during that quarter. Thus, the rate fixed for the quarter July to September will apply to salary payable between the 1st July and 30th September, *i.e.*, ordinarily to the salary for the months of June, July and August.

10. For the purpose of illustration, a table is appended showing the percentage admissible on full salary and the maximum allowance admissible at the rates which have been fixed as the market rates for the quarters April to June 1893 and July to September 1893, and at some other rates above and below 1s. 4d.

11. In the case of officers whose emoluments are regulated by the Civil Service Regulations, the allowance is admissible only on "salary" as defined in article 47, Civil Service Regulations. In the case of officers whose emoluments are regulated by the Army Regulations, India, it is admissible only on Pay, Indian Allowances, and Staff Pay.

12. The allowance may be drawn regularly with pay in the manner and under the rules under which pay is drawn; and will be charged to the same head as Pay, but under a separate detailed head.

For subsequent quarters, the market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the quarter ending on the 15th day of the last month of the preceding quarter, and will be calculated and notified by the Comptroller-General, if possible, on such 15th day. The rate will be fixed at the nearest one thirty-second of a penny.”

RESOLUTION.

Calcutta, the 6th February 1894.

Resolution in this Department No. 3624-A, dated 18th August 1893, regarding the grant of Exchange Compensation Allowance to European and Eurasian officers of Government not domiciled in India.

RESOLUTION :—The Resolution of the 18th August 1893 applies only to officers whose salary is chargeable to General Revenues. Exchange Compensation Allowance is therefore not admissible under that Resolution to Government officers in Foreign Service.

2. As regards Government officers in Foreign Service, the Government of India, so far as they are concerned, agree to the grant of Exchange Compensation Allowance under the restrictions and rules of the Resolution last quoted. But as the allowances will not be payable by the Government of India but by the Foreign employer, the claim in each case must, subject to any conditions imposed by statute, or by trust provisions, be decided, in the case of Foreign Service of the first kind, by the orders of the employer to whom the officer's services have been lent, and in the case of service of the second and third kinds, with the consent of the controlling authority of the funds to which the allowance will be chargeable.

3. In cases in which Exchange Compensation Allowance is granted

Proceedings of the Government of Mysore.

READ :—

Proceedings of the Government of Mysore No. 14399-428—Cir. 214, dated 15th March 1892, permitting officers serving in Mysore remitting a reasonable portion of their salaries to England on requisitions of the Comptroller on Messrs. Coutts & Co., London, at the current rate of exchange, for the support of their families residing in England, and dependent on them for education or support, as the case may be.

No. 8307—G.2023-92.

Dated Bangalore, the 10th December 1892.

ORDER THEREON.—Having regard to the prevailing high rates of exchange charged for remittances to England, Government are pleased in modification of the Orders read above, to sanction, as a temporary measure, family remittances not exceeding a moiety of their salaries, being made to England by officers belonging to the Mysore Local Service only, at the rate of 1s. 4 $\frac{3}{4}$ d. per rupee on requisitions of the Comptroller on Messrs. Coutts & Co., London. The rate of exchange now fixed is subject to alteration or modification as necessity arises therefor, by the issue of orders.

2. Application for such remittances should be accompanied by certificate in the form given in the margin, and the equivalent of the sterling payment in Indian currency.

“Certified that the remittance desired is *bona fide* for the support (or education) of members of my family dependent on me in England.”

Chief Secretary.

To—The Comptroller to the Mysore Government, for information and guidance and for communication to officers likely to benefit by the above Rule.

*D.O.**Bangalore, 1st April 1893.*

DEAR SIR,

I am directed to inform you as follows :—

The Government have received suggestions for the extension to British officers lent to the State of the orders contained in Proceedings No. 8307—G.2023, dated 10th December 1892, relating to the family remittances made by officers of the Mysore Local Service, and it is therefore necessary to explain that in the first place the Darbar cannot grant to British officers any concession such as that involved, without the previous consent of the Government of India.

It may at the same time be pointed out that the orders issued by the Darbar had special reference to two facts, namely:—

1st—that the salaries of local officers are considerably lower than those attached to similar appointments in British India; and

2ndly—that it was understood that the question of allowing British officers more liberal concessions than those in force, was under the consideration of the Secretary of State.

It was with special reference to the latter fact that the order in question was issued as “a temporary measure.” Under such circumstances, it is desirable now to notify that any final system adopted in Mysore will not really be more liberal than what may eventually be sanctioned for British officers by the Secretary of State, for, in this matter, as in that of pension payments in England, the Darbar wish, as far as possible, to follow the British system. Under such circumstances, it will presently be made known that the “arrangement” now in force under the orders of 10th December last, is liable to “revision by the Darbar either upon the settlement of the question as regards British officers, or at any rate by the end of December 1893, “by prescribing a further limit by way of an annual maximum amount, or in any other manner which may commend itself to the “Darbar.”

I am,

Yours very truly,

T. ANANDA ROW.

IV *Letter from the Chief Secretary to the Dewan of Mysore, to the First Assistant to the Resident in Mysore, No. 6821—G.F. 453-92, dated the 9th October 1893.*

I am directed to request that the Resident may be kind enough to move the Government of India to accord their sanction to

the Darbar extending to British officers lent to the service of the Mysore State the same concessions as have recently been sanctioned by that Government to its own officers under the designation of "Exchange Compensation Allowance," this concession to be enjoyed during such time as the said allowance is paid in British India.

2. The Darbar understand that the rules governing the allowance in question are those contained in Financial Department Resolution No. 3624 A, dated 18th August last, read with No. 3900 A, dated 7th September 1893.

Vide Nos. I and II in Part I.

V *Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 338—384-93, dated Bangalore, the 29th January 1894.*

With reference to your letter No. 6821—G.453-92, dated the 9th October 1893, I am directed to state that orders cannot be passed by the Government of India on the claims to Exchange Compensation Allowance of British officers whose services have been lent to the Mysore State, until the settlement of the general question as to the terms on which the allowance may be granted to officers in Foreign Service, which is still under consideration.

VI *Letter from the Chief Secretary to the Dewan of Mysore, to the First Assistant to the Resident in Mysore, No. 15023—G.F.453-92, dated the 9th March 1894.*

I am directed to request the favor of an early reply to my letter No. 6821—G.F.453-92, dated 9th October 1893, requesting the orders of the Government of India in the matter of the payment of Exchange Compensation Allowance to British officers lent to the service of the Mysore State. The Government of India have, it is observed, published their orders on the subject in Finance and Commerce Department Resolution No. 661 P., dated 6th February 1894 (*vide Gazette of India, Part I, dated 10th February 1894*), and some of the British officers serving in Mysore are pressing for orders on the subject, but the Darbar await your reply to my letter above cited before taking action in the matter.

VII *Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 970—384-93, dated Bangalore, the 5th March 1894.*

With reference to correspondence ending with your letter No. 15023—G.F.453-92, dated the 9th March 1894, I am directed, under instructions from the Government of India, to state that the

Darbar may pay Exchange Compensation Allowance under the terms of the marginally noted Resolution of the Government of India, to the British officers whose services have been lent to the Mysore State.

OFFICE OF THE DEWAN OF MYSORE
Dated Bangalore, 7th July 1894.

XI CIRCULAR MEMO.

The attention of the Comptroller, and of the European officers of the British Government whose services are lent to the Darbar, is called to the Government of India Resolution No. 3183 Ex, dated the 26th June 1894 (*Gazette of India*, June 30, 1894, page 396). This Resolution cancels the ruling in Government of India Resolution of the 6th February 1894 for calculating Exchange Compensation on assumed pay, and orders will hereafter issue regarding the corresponding alteration of the orders of the Mysore Government, No. 17449—G.F.453-92, dated 16th April 1894.

2. The Government will be glad to know the views of the officers concerned as to whether Exchange Compensation on British salary, or permission to remit one-half of pay as the local officers are allowed to do, would be more favorable to them.

By order,
T. ANANDA ROW,

XII *Letter from Sir K. Sheshadri Iyer, K.C.S.I., Dewan of Mysore, to Col. P. D. Henderson, C.S.I., Resident in Mysore, No. 1, dated Bangalore, the 9th July 1894.*

Adverting to Proceedings of the Government of His Highness the Maharaja, No. 17449—G.F.453-92, dated the 16th April 1894, copy of which was forwarded for your information with my office letter No. 17734—G.F.453-92, dated the 18th April 1894, I have the honor to forward herewith a statement showing the Exchange Compensation now paid by the Darbar to lent European officers. These payments are calculated on "Assumed Pay" as defined in section 803 of the Civil Service Regulations, under the authority of the Government of India Resolution No. 661 P., dated the 6th February 1894 (*vide Gazette of India, Part I, 10th February 1894, page 78*).

The Government of India Resolution No. 3183 Ex., dated the 26th June 1894, published at page 396 of the *Gazette of India, Part I, of June 30, 1894*, *Vide No. IV in Part I.* cancels the above direction for calculation of the allowance on "Assumed Pay." On this being brought to my notice, I caused intimation of the fact to be given to the officers concerned by means of a circular memo, copy of which is herein enclosed for your information. *Vide No. II above.*

2. Under such circumstances, I have the honor to request the favor of your obtaining the instructions of the Government of India as to how Exchange Compensation Allowance for lent British officers should be calculated. It appears to me that they are not entitled to draw from the Darbar more than what they would have drawn had they remained in the British service, and, if I am right in this opinion, the allowance should be calculated on British salary proper, and not on the higher salary actually paid by the Darbar. The

question is, what is "salary" for the purpose of the "Exchange Compensation" in the case of a lent officer.

3. Should the Government of India not wish to decide the question because it is one which in one sense is left to the discretion of the Darbar, I shall feel much obliged if you will kindly ascertain whether the extension of the existing Rule as regards the remittances of local European officers to the lent European officers will meet the reasonable requirements of the case. The Rule as regards local officers is contained in the Proceedings of Government No. 9946—G.F.453-92, dated 23rd December 1893, copy of which I beg to enclose for your information, and its application to lent European officers the Darbar are quite willing to sanction if approved by the Government of India.

4. I would like some definite decision to be announced before the end of the month, and therefore beg that you will kindly ascertain the views of the Government of India at an early date.

TO LENT BRITISH OFFICERS.

ENCLOSURE TO No. 12

No. 9946—G.F.453-92, DATED BANGALORE, THE 23RD DECEMBER 1893.

ORDER.—By Orders No. 8307—G.2023-92, dated 10th December 1892, the officers of the Mysore Local Service were, as a temporary measure, permitted to remit to England for the support or education of members of their families dependent upon them in England, any sums, not exceeding a moiety of their salaries, at 1s. 4½d. per rupee, on requisitions of the Comptroller on Messrs. Coutts & Co., London. In April 1893 the Mysore Government further intimated its intention to prescribe for such remittances a further limit by way of an annual maximum amount.

2. The Government of India, in their Financial Resolution No. 3624A of 18th August 1893, sanctioned for British officers, European or Eurasian, not domiciled in India, an Exchange Compensation Allowance equivalent to the difference between the rate of 1s. 6d. per rupee and the actual market rate on one-half the salary, but not exceeding a maximum limit of £1,000 per annum.

3. The Government of His Highness the Maharaja are unable to apply to the officers of the Local Service the Rules of the Government of India described in the preceding para in their entirety. The question of domicile is one always difficult satisfactorily to solve, and, as the intended relief is for the express purpose of compensating officers for the extra cost of English remittances due to the depreciation of the rupee, it will meet all legitimate requirements to give to local officers the concession of making remittances at the special privileged rate of 1s. 6d. the rupee, to the extent actually necessary for the support or education of members of their families resident in England, provided that in no case shall such remittances exceed one-half of the monthly salary or a total of Rs. 15,000 per annum. Until further orders such remittances may continue to be made, as hitherto, by requisitions of the Comptroller upon Messrs. Coutts & Co., London.

4. Under such circumstances His Highness the Maharaja's Government are pleased to direct the adoption until further orders of the following Rule in lieu of the one contained in Proceedings No. 8307—G.2023-92, dated 10th December 1892:—

"Officers belonging to the Mysore Local Service will be permitted to make family remittances to England at a special privileged rate of exchange, which for the time being is fixed at 1s. 6d. the rupee, by requisitions of the Comptroller on Messrs. Coutts & Co., London, provided that such remittances shall

* *Vide* Erratum No. 10159—G.F.453-92, dated 30th December 1893. "in no case exceed [one-half* of] the officer's monthly salary, or a maximum limit of Rs. 15,000 per annum, and provided further that any application for such a remittance is accompanied by a certificate in the following form signed by the applicant:—

"Certified that the remittance desired is *bonâ fide* for the support (or education) of members of my family dependent on me in England."

5. The above rule shall come into effect from 1st January 1894, but, as regards remittances already made by local officers since 1st April 1893 up to 1st January 1894, they will be allowed the benefit of the privileged rate now sanctioned of 1s. 6d. the rupee. The difference between this rate and 1s. 4½d. calculated on the actual remittances between 1st April 1893 and 1st January 1894 will be paid to the officers concerned, by the Comptroller, and charged in the accounts as "Exchange Compensation Allowance of Local Officers."

6. As regards the Exchange Compensation Allowances of British officers lent to the State, the sanction of the Government of India, applied for in Chief Secretary's letter to the First Assistant to the Resident, No. 6821—G.F.453-92, dated 9th October 1893, is awaited.

T. ANANDA ROW, *Chief Secretary.*

To—Comptroller to Mysore Government for information and guidance,
Copy to the officers affected by this order.

XIII *Letter from Mr. J. J. Whitely, Tutor to H. H. the First Prince of Mysore, to the Chief Secretary to the Dewan of Mysore, dated Camp Bangalore, the 12th July 1894.*

With reference to Circular Memo No. 152—G.F.453-92 of the Mysore Government, I have the honor to state, in compliance with the direction of para 2 of that Memo; that I consider that Exchange Compensation calculated on my British salary (*i. e.*, on Rs. 700* per mensem) would be more favorable to me than permission to remit half my pay as the local officers are allowed to do; and I have the honor to request the sanction of H. H. the Maharaja of Mysore to this.

* The pay of Executive Engineer, 3rd grade, P. W. D., Madras, my present rank in the P. W. D. list.

XIV *Letter from Lt.-Col. D. McNeil Campbell, R. E., Chief Engineer of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 3579, dated the 13th July 1894.*

With reference to para 2 of your Circular Memo No. 152—G.F.453-92, of 7th instant, I have the honor to inform you that I would like to draw Exchange Compensation Allowance on my British salary.

XV *Letter from Surgeon Lt.-Col. P. H. Benson, to the Chief Secretary to the Dewan of Mysore, No. 601, dated the 12th July 1894, received with Senior Surgeon's letter No. 204, dated the 13th July 1894.*

With reference to Government Circular Memo No. 152—G.F.453-92 received direct from the Chief Secretary, intimating the resolution of the Government of India No. 3183 Ex., dated 26th June 1894, and at the same time asking the views of officers concerned as to whether Exchange Compensation on British salary, or permission to remit one-half of pay as local officers are allowed to do, would be more preferable, I have the honor to state that, as far as I am personally concerned, permission to remit one-half of my salary would be infinitely more beneficial to me than the Exchange Compensation Allowance on British salary, and I trust that this concession may be allowed me.

XVI *Letter from Mr. W. McHutchin, Offg. Chief Engineer of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 3720, dated the 17th July 1894.*

With reference to para 2 of your Circular No. 152—G. F. 453-92 of 7th instant, I have the honor to inform you that I would prefer to remit half salary to England at 1s. 6d. per rupee every month.

- XVII** *Letter from Mr. H. Groves, Superintending Engineer and Secretary to the Government of Mysore for Railways, to the Chief Secretary to the Dewan of Mysore, No. 1280, dated the 17th July 1894.*

In reply to your Circular No. 152 of 7th instant, I have the honor to inform you that I shall prefer that Rs. 500, or half of my present British salary, be paid to my account at the National Bank of India through Messrs. Coutts & Co. at 1s. 6d. per rupee, and to request that it may be arranged as soon as possible.

- XVIII** *Letter from Lt.-Col A. H. Macintire, Military Secretary to H. H. the Maharaja of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 122, dated the 20th July 1894.*

With reference to your Circular Memo No. 152—G.F.453-92 of the 7th instant, I have the honor to request that Government will kindly accord me the same privilege that local officers enjoy of remitting half their pay for the *bônâ fide* use of their family at the exchange of 1s. 6d. per rupee.

- XIX** *Letter from Brigade-Surgeon Lt.-Col. T. J. McGann, Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 320, dated the 23rd July 1894.*

With reference to Circular Memo No. 152—G.F.453-92, dated the 7th instant, I have the honor to request the permission of the Dewan to remit one-half of my pay and allowance, as it would be more beneficial to me than accepting Exchange Compensation Allowance.

- XX** *Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 2468.—384-93, dated Bangalore, the 20th July 1894.*

I am directed to acknowledge the receipt of your letter No. 1, dated the 9th July 1894, regarding the Exchange Compensation payable by the Darbar to lent European officers.

2. In reply, I am to say that the principle on which this allowance is granted is (*vide* Foreign Department Resolution No. 3624, dated the 18th August 1893), that officers should be enabled to remit half their actual salary at a certain privileged rate; "salary" being defined in section 47 of the Civil Service Regulations.

3. The subsequent orders of the Government of India having cancelled the calculation of the Compensation Allowance in the case of Government officers in Foreign Service on "assumed pay," it

seems to the Resident clear that such compensation should now be calculated on actual salary, and that the question as to what rate of compensation an officer would have been entitled to if he had remained in British service on a lower salary, does not affect the case, as it would be contrary to the principle on which Exchange Compensation is granted.

4. It is optional to the Darbar to grant Exchange Compensation at all; but if granted, it should, the Resident thinks, be calculated, in accordance with the Government of India rule, on actual salary, and for this reason an extension to "lent" officers of the rules regarding remittances by local officers would be in contravention of the principles under which Exchange Compensation is granted by Government.

5. In the circumstances, a reference to the Government of India on the point at issue does not in the Resident's opinion appear necessary.

XXI. *Letter from Sir K. Sheshadri Iyer, K.C.S.I., Dewan of Mysore, to Col. P. D. Henderson, C.S.I., Resident in Mysore, No. 3, dated, Bangalore, the 27th July 1894.*

I have the honor to acknowledge the receipt of your office letter No. 2468—384, dated, Bangalore, the 20th July 1894, and in reply to make the following observations.

2. When the Resolution of the Government of India dated 18th August 1893 was published, the opinion of the Darbar was that lent British Officers serving in Mysore and drawing salaries higher than what they would have drawn in the British service, were not strictly entitled to the further benefit of an Exchange Compensation Allowance from the State, but that the Darbar may well grant them an Exchange Compensation Allowance on their British salary proper, on the ground that the difference between such salary and their Mysore salary might not be subjected to any practical reduction. All that the Darbar felt inclined to do was to grant such allowance as the officers would have received had they remained in British service, so that their Mysore emoluments might continue to be better than the British emoluments to the same extent as before. Such an arrangement, though not strictly obligatory upon the Darbar, was regarded as fair to all parties.

3. The Darbar were however prevented from introducing such an arrangement by the direction of the Government of India in Resolution of 6th February 1894 for calculation of the Com-

pensation Allowance on "assumed pay," and now that this direction (to the justice of which reasonable objection could readily be taken) has now been withdrawn, the Darbar wish to give effect to their original intention.

4. The Darbar's large discretion to grant or not to grant any Exchange Compensation to lent European Officers (a discretion doubtless based upon the fact that these officers enjoy larger salaries than their compeers in the British service and have not therefore the same right for Exchange Compensation as they) must reasonably be held to include the much smaller discretion of limiting the amount of the allowance by making it a percentage of British salary proper. If, after this explanation, you still adhere to the opinion that the Darbar's alternative is between giving these officers a compensation on their *Mysore salary* or none at all, the Darbar would have no hesitation in adopting the latter alternative.

5. I have received the replies of the lent British officers as to their own wishes. Four ask for the Mysore Rules, two for the British Rules, and the reply of the seventh is irrelevant.

6. On a fuller consideration of the question, the Darbar have decided not to apply to any of the officers in question the Mysore Rules, and to apply to all of them the British Rules on the basis of their respective British salaries.

7. The appended table shows their British and Mysore salaries, the contribution paid on account of their pension and leave allowances, and Exchange Compensation calculated on Mysore or British salaries and total payments in either case.

Name.	British salary.	Mysore salary.	Pension and leave contribution paid by the Darbar.	Exchange Compensation Allowance.		Total payments.

The above table, it is presumed, will show at a glance that the Darbar's proposal to pay Exchange Compensation on British salary is just and reasonable in every way.

8. In conclusion, I beg to add, that I would like to announce to the officers concerned a definite decision by the end of the month. I regret I was not able to write to you earlier, as it was only this morning that His Highness the Maharaja was able to deal with the matter finally.

XXII *Letter No. 2637-38493, dated Bangalore, 3rd August 1894, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your letter No. 3, dated the 27th July 1894, containing the further views of the Durbar on the question of the grant of exchange compensation to British officers whose services have been lent to the Mysore State.

2. As the Resident does not agree with the views of the Durbar as expressed in your letter under reply, the question will, I am to say, be referred to the Government of India, whose reply cannot be expected for some time.

3. I am, however, to say, with reference to paragraph 4 of the above letter, that it was certainly left optional to the Durbar to grant any compensation or not; but it does not necessarily follow that the grant of the allowance, if made, should be on an arbitrary basis. I am to ask you to be so good as to refer to your first letter on the subject, in which you will see sanction was asked to lent officers getting the "same concessions" as those sanctioned by Government to its own officers. Whatever the intention of the Durbar was then, and which intention is now alluded to at the close of paragraph 3 of your letter under reply, was never expressed before.

4. In conclusion, I am to say that the Resident regrets to observe in paragraph 3 the remark that the justice of the orders of the Government of India as contained in their resolution * of the 6th February 1894 is open to objection.

* Finance and Commerce Department No. 661 P.

XXIII. *Letter No. 3835—384-93, dated 13th November 1894, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore..*

In continuation of my letter 'No. 2637—384-93, dated the 3rd August 1894, I am directed to state that Orders have now been received from the Government of India, on the question of the grant of Exchange Compensation Allowance to British Officers whose services have been lent to the Mysore State.

2. Under Article 807 of the Civil Service Regulations, the consent of the Government of India is required before any increase can be made by the Durbar to the salaries of the seven Officers enumerated in the statement appended to your letter No. 3 of the 27th July 1894. The Government of India has given a general consent to such an increase in the form of Exchange Compensation Allowance to the salaries of all British Officers whose services have been lent to a Native State, subject to certain limitations, namely :—

- (1) that every such Officer would have been entitled to receive Exchange Compensation Allowance from Government under the rules in force, if he were in British, and not in foreign service; and
- (2) that the Exchange Compensation Allowance to be granted to him shall not exceed that which the rules in force would allow, if they applied to him.

3. Subject to these limitations, it is, I am to say, within the discretion of the Durbar to refuse, or to partly concede, or to wholly concede, the Exchange Compensation Allowance to any British Officer in the service of the State.

No. 3624 A.—

RESOLUTION.—By the Government of India, Finance and Commerce Department.

During the past year and a half numerous representations have reached the Government of India from European officers in Government service, bringing to notice the hardship which they have undergone in consequence of the fall in the rate of exchange, and praying for the adoption of measures of relief. The facts which came to the knowledge of the Government of India left no doubt that the distress from which their servants were suffering was widespread and severe; and His Excellency the Governor-General in Council has lost no opportunity of expressing his sympathy with those who have been affected, and of urging upon the Secretary of State the necessity of applying an early and adequate remedy. It was not, however, found possible to deal with the matter while measures regarding the reform of the currency were still under consideration. His Excellency the Governor-General in Council is now able to announce that the Secretary of State has been pleased to accord his sanction to the following scheme,

To every European and Eurasian officer of Government, Civil and Military, not domiciled in India (except those whose pay is fixed in sterling and converted into rupees annually at the official adjusting rate) will be granted an allowance, to be designated Exchange Compensation Allowance, sufficient to enable each officer to remit to Europe one-half his salary, subject to a maximum limit of £1,000 a year, at a privileged rate. The privileged rate has been fixed until further orders at 1s. 6d. the rupee. The allowance, which will be admissible whether any remittance is actually made to Europe or not, will be given in the form of a percentage on the officer's salary, varying with the rate of exchange assumed as the market rate for the quarter, and calculated to yield an amount equal to the difference between one-half salary converted at 1s. 6d., and one-half salary converted at the average market rate. The allowance will be payable month by month along with pay, and under the Rule under which pay is drawn; and will be subject in every case to an annual maximum equal to the difference between £1,000 converted at 1s. 6d., and the same sum converted at the average market rate.

2. Rules have been framed prescribing the manner in which the percentage for each quarter shall be calculated, and defining the conditions under which the allowance may be drawn, and these are published herewith for general information. The Secretary of State has been pleased to authorize effect being given to the rules from the beginning of the current official year 1893-94, and the allowance will accordingly be granted in respect of all payments of salary which became payable on or after the 1st April 1893. For the first quarter of the present official year, April to June, the percentage has been fixed at 10·81, corresponding to an exchange of 1s. 2½d. to the rupee, this being the actual average rate during that quarter. For the second quarter, July to September 1893, the percentage has been fixed at 7·6, corresponding to an exchange of 1s. 3½d., that being the actual average market rate from 1st July to the date of the Secretary of State's sanction to the scheme now announced. For future quarters the percentage will be fixed in the manner prescribed in the Rules.

3. From the date when these Rules come into force, the present system under which family remittances are made through the Government account by Military officers and some others will cease, except in cases where this course is inconsistent with the terms of any contract of service. In the case of officers who have made family remittances since the 1st April last, an adjustment will be made when paying them their arrears of Exchange Compensation Allowance. Officers who have made family remittances since 1st April last, should refer to their Account Officer before presenting for payment their bills for the arrears from 1st April of the Exchange Compensation Allowances now sanctioned.

4. The Secretary of State has further been pleased to sanction the payment of furlough allowances from the Home Treasury at the same privileged rate of 1s. 6d. to the rupee. This concession also will take effect from the 1st April last in lieu of the special rate of 1s. 4½d. provisionally sanctioned in the Notification in this Department, No. 823A, dated the 27th February 1893, published in the *Gazette of India* of the 4th March 1893.

ORDER.—Ordered, that the Resolution be communicated to the several Departments of the Government of India; to all Local Governments and Administrations; to all Heads of Departments subordinate to the Finance Department; to the Comptroller and Auditor-General; and to all Accountants-General and Comptrollers.

ORDERED ALSO, that the Resolution be published in the *Gazette of India*.

Rules referred to in paragraph 2 of Finance Department Resolution No. 3624A. of 18th August 1893.

EXCHANGE COMPENSATION ALLOWANCE.

1. The allowance admissible under these Rules is called Exchange Compensation Allowance. It is granted to European and Eurasian officers of Government not domiciled in India to compensate them for the extra cost of remittance to Europe occasioned by the fall of the value of the rupee below 1s. 6d., which is herein called the "privileged rate."

2. The allowance is granted with the view of enabling every European or Eurasian officer of Government not domiciled in India to remit to Europe half his salary at the privileged rate, subject to a maximum limit of £1,000 a year.

3. In case of doubt, the Local Government will decide whether any officer is domiciled in India, or not so domiciled for the purposes of these Rules. But any European or Eurasian officer to whom the Rules in Chapter XIII of the Civil Service Regulations apply may be assumed without further proof to be entitled to the allowance admissible under these Rules.

4. The allowance is not admissible to any officer whose pay is fixed in sterling and is converted into rupees at the rate of exchange fixed annually for the settlement of transactions between England and India.

5. The allowance is granted irrespective of whether any remittance is actually made or not.

6. Officers will be enabled to remit half salary at the privileged rate if they receive a percentage on half salary equal to the proportion by which the privileged rate exceeds the market rate of remittance, or half that percentage on the full salary. The allowance is accordingly given in the form of a percentage on the full salary drawn limited to the amount which would be admissible on a remittance of £1,000.

7. The percentage will be calculated for each quarter with reference to the difference between the privileged rate and the rate fixed as the approximate market rate applicable to the quarter—see rule 8. Thus, if the market rate of exchange applicable to any quarter is 1s. 4d., the difference between this and the privileged rate is equivalent to a percentage of 12½ on that market rate, and the difference between the cost of remitting £1,000 at 1s. 6d. (Rs. 13,333½) and at 1s. 4d. (Rs. 15,000) is Rs. 1,666½. The allowance payable during the quarter would therefore be granted at 6¼ per cent on the full salary, limited to the maximum of Rs. 1,666-10-8.

8. The market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the preceding quarter, and will be calculated and notified by the Comptroller-General before the beginning of the quarter.

9. The market rate fixed for any quarter will be applicable to all payments of salary falling due during that quarter. Thus, the rate fixed for the quarter July to September will apply to salary payable between the 1st July and 30th September, *i.e.*, ordinarily to the salary for the months of June, July and August.

10. For the purpose of illustration, a table is appended showing the percentage admissible on full salary and the maximum allowance admissible at the rates which have been fixed as the market rates for the quarters April to June 1893 and July to September 1893, and at some other rates above and below 1s. 4d.

11. In the case of officers whose emoluments are regulated by the Civil Service Regulations, the allowance is admissible only on "salary" as defined in article 47, Civil Service Regulations. In the case of officers whose emoluments are regulated by the Army Regulations, India, it is admissible only on Pay, Indian Allowances, and Staff Pay.

12. The allowance may be drawn regularly with pay in the manner and under the rules under which pay is drawn; and will be charged to the same head as Pay, but under a separate detailed head.

READ AGAIN :—

Resolution in this Department No. 3624-A, dated the 18th August 1893, and the Rules regarding the grant of Exchange Compensation Allowance appended thereto.

RESOLUTION.—The Governor-General in Council directs that the following alterations be made in the Rules appended to the Resolution read in the preamble :—

To be substituted for the last sentence of Rule 7 :

"The allowance payable during each month of the quarter would therefore be granted at $6\frac{1}{4}$ per cent on the full salary limited to a maximum of one-twelfth of Rs. 1,666-10-8, or Rs. 138-14-3."

To be substituted for Rule 8:

For subsequent quarters, the market rate applicable to any quarter will be approximately the average of the Calcutta demand rate during the quarter ending on the 15th day of the last month of the preceding quarter, and will be calculated and notified by the Comptroller-General, if possible, on such 15th day. The rate will be fixed at the nearest one thirty-second of a penny."

RESOLUTION.

Calcutta, the 6th February 1894.

READ:—

Resolution in this Department No. 3624-A, dated 18th August 1893, regarding the grant of Exchange Compensation Allowance to European and Eurasian officers of Government not domiciled in India.

RESOLUTION:—The Resolution of the 18th August 1893 applies only to officers whose salary is chargeable to General Revenues. Exchange Compensation Allowance is therefore not admissible under that Resolution to Government officers in Foreign Service.

2. As regards Government officers in Foreign Service, the Government of India, so far as they are concerned, agree to the grant of Exchange Compensation Allowance under the restrictions and rules of the Resolution last quoted. But as the allowances will not be payable by the Government of India but by the Foreign employer, the claim in each case must, subject to any conditions imposed by statute, or by trust provisions, be decided, in the case of Foreign Service of the first kind, by the orders of the employer to whom the officer's services have been lent, and in the case of service of the second and third kinds, with the consent of the controlling authority of the funds to which the allowance will be chargeable.

3. In cases in which Exchange Compensation Allowance is granted to an officer in Foreign Service of the first

kind, as defined in article 802 of the Civil Service Regulations, the allowance should be calculated on "assumed pay" as defined in article 808 of those Regulations. In other cases, it should be calculated on the actual sanctioned salary of the officer,

ORDER.—Ordered, that this Resolution be communicated to the several Departments of the Government of India; to all Local Governments and Administrations; to all Heads of Departments subordinate to the Finance Department; to the Comptroller and Auditor-General; and to all Accountants-General and Comptrollers.

ORDERED ALSO, that the Resolution be published in the *Gazette of India*.

Proceedings of the Government of Mysore.

READ :—

Proceedings of the Government of Mysore No. 14399-428—Cir. 214, dated 15th March 1892, permitting officers serving in Mysore remitting a reasonable portion of their salaries to England, on requisitions of the Comptroller on Messrs. Coutts & Co., London, at the current rate of exchange, for the support of their families residing in England, and dependent on them for education or support, as the case may be.

No. 8307—G.2023-92.

Dated Bangalore, the 10th December 1892.

ORDER THEREON.—Having regard to the prevailing high rates of exchange charged for remittances to England, Government are pleased in modification of the Orders read above to sanction, as a temporary measure, family remittances not exceeding a moiety of their salaries, being made to England by officers belonging to the Mysore Local Service only, at the rate of 1s. 4 $\frac{1}{2}$ d. per rupee on requisitions of the Comptroller on Messrs. Coutts & Co., London. The rate of exchange now fixed is subject to alteration or modification as necessity arises therefor, by the issue of orders.

2. Application for such remittances should be accompanied by "Certificate that the remittance desired is *bona fide* for the support (or education) of members of my family dependent on me in England." certificate in the form given in the margin, and the equivalent of the sterling payment in Indian currency.

Chief Secretary.

To—The Comptroller to the Mysore Government, for information and guidance and for communication to officers likely to benefit by the above Rule.

D.O.

Bangalore 1st April 1893,

DEAR SIR,

I am directed to inform you as follows :—

The Government have received suggestions for the extension to British officers lent to the State of the orders contained in Proceedings No. 8307—G.2023, dated 10th December 1892, relating to the family remittances made by officers of the Mysore Local Service and it is therefore necessary to explain that in the first place the Darbar cannot grant to British officers any concession such as that involved, without the previous consent of the Government of India.

It may at the same time be pointed out that the orders issued by the Darbar had special reference to two facts, namely :—

1st—that the salaries of local officers are considerably lower than those attached to similar appointments in British India; and

2ndly—that it was understood that the question of allowing British officers more liberal concessions than those in force, was under the consideration of the Secretary of State.

It was with special reference to the latter fact that the order in question was issued as “a temporary measure.” Under such circumstances, it is desirable now to notify that any final system adopted in Mysore will not really be more liberal than what may eventually be sanctioned for British officers by the Secretary of State, for, in this matter, as in that of pension payments in England, the Darbar wish, as far as possible, to follow the British system. Under such circumstances, it will presently be made known that the “arrangement” now in force under the orders of 10th December last, is liable to “revision by the Darbar either upon the settlement of the question as regards British officers, or at any rate by the end of December 1893, “by prescribing a further limit by way of an annual maximum amount, or in any other manner which may commend itself to the “Darbar.”

I am,

Yours very truly,

T. ANANDA ROW.

IV *Letter from the Chief Secretary to the Diwan of Mysore, to the First Assistant to the Resident in Mysore, No. 6821—G.F.453-92, dated the 9th October 1893.*

I am directed to request that the Resident may be kind enough to move the Government of India to accord their sanction to

the Darbar extending to British officers lent to the service of the Mysore State the same concessions as have recently been sanctioned by that Government to its own officers under the designation of "Exchange Compensation Allowance," this concession to be enjoyed during such time as the said allowance is paid in British India.

2. The Darbar understand that the rules governing the allowance in question are those contained in Financial Department Resolution No. 3624 A, dated 18th August last, read with No. 3900 A, dated 7th September 1893.

V Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 338—384-93, dated Bangalore, the 29th January 1894.

With reference to your letter No. 6821—G.453-92, dated the 9th October 1893, I am directed to state that orders cannot be passed by the Government of India on the claims to Exchange Compensation Allowance of British officers whose services have been lent to the Mysore State, until the settlement of the general question as to the terms on which the allowance may be granted to officers in Foreign Service, which is still under consideration.

VI Letter from the Chief Secretary to the Dewan of Mysore, to the First Assistant to the Resident in Mysore, No. 15023—G.F.453-92, dated the 9th March 1894.

I am directed to request the favor of an early reply to my letter No. 6821—G.F.453-92, dated 9th October 1893, requesting the orders of the Government of India in the matter of the payment of Exchange Compensation Allowance to British officers lent to the service of the Mysore State. The Government of India have, it is observed, published their orders on the subject in Finance and Commerce Department Resolution No. 661 E., dated 6th February 1894 (*vide Gazette of India*, Part I, dated 10th February 1894), and some of the British officers serving in Mysore are pressing for orders on the subject, but the Darbar await your reply to my letter above cited before taking action in the matter.

VII Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 970—384-93, dated Bangalore, the 5th March 1894.

With reference to correspondence ending with your letter No. 15023—G.F.453-92, dated the 9th March 1894, I am directed, under instructions from the Government of India, to state that the

Darbar may pay Exchange Compensation Allowance under the terms of the marginally noted Resolution of the Government of India, to the British officers whose services have been lent to the Mysore State.

CIRCULAR MEMO

The attention of the Comptroller, and of the European officers of the British Government whose services are lent to the Darbar, is called to the Government of India Resolution No. 3183 Ex., dated the 26th June 1894 (*Gazette of India*, June 30, 1894, page 396). This Resolution cancels the ruling in Government of India Resolution of the 6th February 1894 for calculating Exchange Compensation on assumed pay, and orders will hereafter issue regarding the corresponding alteration of the orders of the Mysore Government, No. 17449—G.F.453-92, dated 16th April 1894.

2. The Government will be glad to know the views of the officers concerned as to whether Exchange Compensation on British salary, or permission to remit one-half of pay as the local officers are allowed to do, would be more favorable to them.

By order,
T. ANANDA ROW,
Chief Secretary.

To—The Comptroller, Mysore Govt.
Colonel D. McNeil Campbell.
Mr. H. Groves.
Mr. W. McHutchin,

To—Colonel A. H. Macintire.

Dr. P. H. Benson.

XII *Letter from Sir K. Sheshadri Iyer, K.C.S.I., Dewan of Mysore, to Col. P. D. Henderson, C.S.I., Resident in Mysore, No. 1, dated Bangalore, the 9th July 1894.*

Adverting to Proceedings of the Government of His Highness the Maharaja, No. 17449—G.F.453-92, dated the 16th April 1894, copy of which was forwarded for your information with my office letter No. 17734—G.F.453-92, dated the 18th April 1894, I have the honor to forward herewith a statement showing the Exchange Compensation now paid by the Darbar to lent European officers. These payments are calculated on "Assumed Pay" as defined in section 803 of the Civil Service Regulations, under the authority of the Government of India Resolution No. 661 P., dated the 6th February 1894 (*vide Gazette of India, Part I, 10th February 1894, page 78*).

The Government of India Resolution No. 3183 Ex., dated the 26th June 1894, published at page 396 of the *Gazette of India, Part I, of June 30, 1894*, *Vide No. IV in Part I.* cancels the above direction for calculation of the allowance on "Assumed Pay." On this being brought to my notice, I caused intimation of the fact to be given to the officers concerned by means of a circular memo, copy of which is herein enclosed for your information. *Vide No. II above.*

2. Under such circumstances, I have the honor to request the favor of your obtaining the instructions of the Government of India as to how Exchange Compensation Allowance for lent British officers should be calculated. It appears to me that they are not entitled to draw from the Darbar more than what they would have drawn had they remained in the British service, and, if I am right in this opinion, the allowance should be calculated on British salary proper, and not on the higher salary actually paid by the Darbar. The

question is, what is "salary" for the purpose of the "Exchange Compensation" in the case of a lent officer.

3. Should the Government of India not wish to decide the question because it is one which in one sense is left to the discretion of the Darbar, I shall feel much obliged if you will kindly ascertain whether the extension of the existing Rule as regards the remittances of local European officers to the lent European officers will meet the reasonable requirements of the case. The Rule as regards local officers is contained in the Proceedings of Government No. 9946—G.F.453-92, dated 23rd December 1893, copy of which I beg to enclose for your information, and its application to lent European officers the Darbar are quite willing to sanction if approved by the Government of India.

4. I would like some definite decision to be announced before the end of the month, and therefore beg that you will kindly ascertain the views of the Government of India at an early date.

TO LENT BRITISH OFFICERS.

ENCLOSURE TO No. 12

No. 9916—G.F.453-92, DATED BANGALORE, THE 23RD DECEMBER 1893.

ORDER.—By Orders No. 8307—G.2023-92, dated 10th December 1892, the officers of the Mysore Local Service were, as a temporary measure, permitted to remit to England for the support or education of members of their families dependent upon them in England, any sums, not exceeding a moiety of their salaries, at 1s. 4½d. per rupee, on requisitions of the Comptroller on Messrs. Coutts & Co., London. In April 1893 the Mysore Government further intimated its intention to prescribe for such remittances a further limit by way of an annual maximum amount.

2. The Government of India, in their Financial Resolution No. 3624A of 18th August 1893, sanctioned for British officers, European or Eurasian, not domiciled in India, an Exchange Compensation Allowance equivalent to the difference between the rate of 1s. 6d. per rupee and the actual market rate on one-half the salary, but not exceeding a maximum limit of £1,000 per annum.

3. The Government of His Highness the Maharaja are unable to apply to the officers of the Local Service the Rules of the Government of India described in the preceding para in their entirety. The question of domicile is one always difficult satisfactorily to solve, and, as the intended relief is for the express purpose of compensating officers for the extra-cost of English remittances due to the depreciation of the rupee, it will meet all legitimate requirements to give to local officers the concession of making remittances at the special privileged rate of 1s. 6d. the rupee, to the extent actually necessary for the support or education of members of their families resident in England, provided that in no case shall such remittances exceed one-half of the monthly salary or a total of Rs. 15,000 per annum. Until further orders such remittances may continue to be made, as hitherto, by requisitions of the Comptroller upon Messrs. Coutts & Co., London.

4. Under such circumstances His Highness the Maharaja's Government are pleased to direct the adoption until further orders of the following Rule in lieu of the one contained in Proceedings No. 8307—G.2023-92, dated 10th December 1892:—

“Officers belonging to the Mysore Local Service will be permitted to make family remittances to England at a special privileged rate of exchange, which for the time being is fixed at 1s. 6d. the rupee, by requisitions of the Comptroller on Messrs. Coutts & Co., London, provided that such remittances shall in no case exceed [one-half* of] the officer's monthly salary, or a maximum limit of Rs. 15,000 per annum, and provided further that any application for such a remittance is accompanied by a certificate in the following form signed by the applicant:—

*File Erratum No. 10159—G.F.453-92,
dated 30th December 1893.*

“Certified that the remittance desired is *bonâ fide* for the support (or education) of members of my family dependent on me in England.”

5. The above rule shall come into effect from 1st January 1894, but, as regards remittances already made by local officers since 1st April 1893 up to 1st January 1894, they will be allowed the benefit of the privileged rate now sanctioned of 1s. 6d. the rupee. The difference between this rate and 1s. 4½d. calculated on the actual remittances between 1st April 1893 and 1st January 1894 will be paid to the officers concerned, by the Comptroller, and charged in the accounts as “Exchange Compensation Allowance of Local Officers.”

6. As regards the Exchange Compensation Allowances of British officers lent to the State, the sanction of the Government of India, applied for in Chief Secretary's letter to the First Assistant to the Resident, No. 6821—G.F.453-92, dated 9th October 1893, is awaited.

T. ANANDA ROW, *Chief Secretary.*

To—Comptroller to Mysore Government for information and guidance.

Copy to the officers affected by this order.

- XIII** *Letter from Mr. J. J. Whitely, Tutor to H. H. the First Prince of Mysore, to the Chief Secretary to the Dewan of Mysore, dated Camp Bangalore, the 12th July 1894.*

With reference to Circular Memo No. 152—G.F.453-92 of the Mysore Government, I have the honor to state, in compliance with the direction of para 2 of that Memo, that I consider that Exchange Compensation calculated on my British salary (*i. e.*, on Rs. 700* per mensem) would be more favorable to me than permission to remit half my pay as the local officers are allowed to do; and I have the honor to request the sanction of H. H. the Maharaja of Mysore to this.

* The pay of Executive Engineer, 3rd grade, P. W. D., Madras, my present rank in the P. W. D. list.

- XIV** *Letter from Lt.-Col. D. McNeil Campbell, R. E., Chief Engineer of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 3579, dated the 13th July 1894.*

With reference to para 2 of your Circular Memo No. 152—G.F.453-92 of 7th instant, I have the honor to inform you that I would like to draw Exchange Compensation Allowance on my British salary.

- XV** *Letter from Surgeon Lt.-Col. P. H. Benson, to the Chief Secretary to the Dewan of Mysore, No. 601, dated the 12th July 1894, received with Senior Surgeon's letter No. 204, dated the 13th July 1894.*

With reference to Government Circular Memo No. 152—G.F.453-92 received direct from the Chief Secretary, intimating the resolution of the Government of India No. 3183 Ex., dated 26th June 1894, and at the same time asking the views of officers concerned as to whether Exchange Compensation on British salary, or permission to remit one-half of pay as local officers are allowed to do, would be more preferable, I have the honor to state that, as far as I am personally concerned, permission to remit one-half of my salary would be infinitely more beneficial to me than the Exchange Compensation Allowance on British salary, and I trust that this concession may be allowed me.

- XVI** *Letter from Mr. W. McHutchin, Offg. Chief Engineer of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 3720, dated the 17th July 1894.*

With reference to para 2 of your Circular No. 152—G. F. 453-92 of 7th instant, I have the honor to inform you that I would prefer to remit half salary to England at 1s. 6d. per rupee every month.

XVII *Letter from Mr. H. Groves, Superintending Engineer and Secretary to the Government of Mysore for Railways, to the Chief Secretary to the Dewan of Mysore, No. 1280, dated the 17th July 1894.*

In reply to your Circular No. 152 of 7th instant, I have the honor to inform you that I shall prefer that Rs. 500, or half of my present British salary, be paid to my account at the National Bank of India through Messrs. Coutts & Co. at 1s. 6d. per rupee, and to request that it may be arranged as soon as possible.

XVIII *Letter from Lt.-Col A. H. Macintire, Military Secretary to H. H. the Maharaja of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 122, dated the 20th July 1894.*

With reference to your Circular Memo No. 152—G.F.453-92 of the 7th instant, I have the honor to request that Government will kindly accord me the same privilege that local officers enjoy of remitting half their pay for the *bonâ fide* use of their family at the exchange of 1s. 6d. per rupee.

XIX *Letter from Brigade-Surgeon Lt.-Col. T. J. McGann, Senior Surgeon and Sanitary Commissioner with the Government of Mysore, to the Chief Secretary to the Dewan of Mysore, No. 320, dated the 23rd July 1894.*

With reference to Circular Memo No. 152—G.F.453-92, dated the 7th instant, I have the honor to request the permission of the Dewan to remit one-half of my pay and allowance, as it would be more beneficial to me than accepting Exchange Compensation Allowance.

XX *Letter from the First Assistant to the Resident in Mysore, to the Dewan of Mysore, No. 2468—384-93, dated Bangalore, the 20th July 1894.*

I am directed to acknowledge the receipt of your letter No. 1, dated the 9th July 1894, regarding the Exchange Compensation payable by the Darbar to lent European officers.

2. In reply, I am to say that the principle on which this allowance is granted is (*vide* Foreign Department Resolution No. 3624, dated the 18th August 1893), that officers should be enabled to remit half their actual salary at a certain privileged rate; "salary" being defined in section 47 of the Civil Service Regulations.

3. The subsequent orders of the Government of India having cancelled the calculation of the Compensation Allowance in the case of Government officers in Foreign Service on "assumed pay," it

seems to the Resident clear that such compensation should now be calculated on actual salary, and that the question as to what rate of compensation an officer would have been entitled to if he had remained in British service on a lower salary, does not affect the case, as it would be contrary to the principle on which Exchange Compensation is granted.

4. It is optional to the Darbar to grant Exchange Compensation at all; but if granted, it should, the Resident thinks, be calculated, in accordance with the Government of India rule, on actual salary, and for this reason an extension to "lent" officers of the rules regarding remittances by local officers would be in contravention of the principles under which Exchange Compensation is granted by Government.

5. In the circumstances, a reference to the Government of India on the point at issue does not in the Resident's opinion appear necessary.

XXI. *Letter from Sir K. Sheshadri Iyer, K.C.S.I., Dewan of Mysore, to Col. P. D. Henderson, C.S.I., Resident in Mysore, No. 3, dated, Bangalore, the 27th July 1894.*

I have the honor to acknowledge the receipt of your office letter No. 2468—384, dated, Bangalore, the 20th July 1894, and in reply to make the following observations.

2. When the Resolution of the Government of India dated 18th August 1893 was published, the opinion of the Darbar was that lent British Officers serving in Mysore and drawing salaries higher than what they would have drawn in the British service, were not strictly entitled to the further benefit of an Exchange Compensation Allowance from the State, but that the Darbar may well grant them an Exchange Compensation Allowance on their British salary proper, on the ground that the difference between such salary and their Mysore salary might not be subjected to any practical reduction. All that the Darbar felt inclined to do was to grant such allowance as the officers would have received had they remained in British service, so that their Mysore emoluments might continue to be better than the British emoluments to the same extent as before. Such an arrangement, though not strictly obligatory upon the Darbar, was regarded as fair to all parties.

3. The Darbar were however prevented from introducing such an arrangement by the direction of the Government of India in Resolution of 6th February 1894 for calculation of the Com-

pensation Allowance on "assumed pay," and now that this direction (to the justice of which reasonable objection could readily be taken) has now been withdrawn, the Darbar wish to give effect to their original intention.

4. The Darbar's large discretion to grant or not to grant any Exchange Compensation to lent European Officers (a discretion doubtless based upon the fact that these officers enjoy larger salaries than their compeers in the British service and have not therefore the same right for Exchange Compensation as they) must reasonably be held to include the much smaller discretion of limiting the amount of the allowance by making it a percentage of British salary proper. If, after this explanation, you still adhere to the opinion that the Darbar's alternative is between giving these officers a compensation on their *Mysore salary* or none at all, the Darbar would have no hesitation in adopting the latter alternative.

5. I have received the replies of the lent British officers as to their own wishes. Four ask for the Mysore Rules, two for the British Rules, and the reply of the seventh is irrelevant.

6. On a fuller consideration of the question, the Darbar have decided not to apply to any of the officers in question the Mysore Rules, and to apply to all of them the British Rules on the basis of their respective British salaries.

7. The appended table shows their British and Mysore salaries, the contribution paid on account of their pension and leave allowances, and Exchange Compensation calculated on Mysore or British salaries and total payments in either case.

Name.	British salary.	Mysore salary.	Pension and leave contribution paid by the Darbar.	Exchange Compensation Allowance.		Total payments.

The above table, it is presumed, will show at a glance that the Darbar's proposal to pay Exchange Compensation on British salary is just and reasonable in every way.

8. In conclusion, I beg to add that I would like to announce to the officers concerned a definite decision by the end of the month. I regret I was not able to write to you earlier, as it was only this morning that His Highness the Maharaja was able to deal with the matter finally.

XXII *Letter No. 2637-38493, dated Bangalore, 3rd August 1894, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

I am directed to acknowledge the receipt of your letter No. 3, dated the 27th July 1894, containing the further views of the Durbar on the question of the grant of exchange compensation to British officers whose services have been lent to the Mysore State.

2. As the Resident does not agree with the views of the Durbar as expressed in your letter under reply, the question will, I am to say, be referred to the Government of India, whose reply cannot be expected for some time.

3. I am, however, to say, with reference to paragraph 4 of the above letter, that it was certainly left optional to the Durbar to grant any compensation or not; but it does not necessarily follow that the grant of the allowance, if made, should be on an arbitrary basis. I am to ask you to be so good as to refer to your first letter on the subject, in which you will see sanction was asked to lent officers getting the "same concessions" as those sanctioned by Government to its own officers. Whatever the intention of the Durbar was then, and which intention is now alluded to at the close of paragraph 3 of your letter under reply, was never expressed before.

4. In conclusion, I am to say that the Resident regrets to observe in paragraph 3 the remark that the justice of the orders of the Government of India as contained in their resolution * of the 6th February 1894 is open to objection.

* Finance and Commerce Department No. 661 P.

XXIII. *Letter No. 3835—384-93, dated 13th November 1894, from the First Assistant to the Resident in Mysore, to the Dewan of Mysore.*

In continuation of my letter No. 2637—384-93, dated the 3rd August 1894, I am directed to state that Orders have now been received from the Government of India, on the question of the grant of Exchange Compensation Allowance to British Officers whose services have been lent to the Mysore State.

2. Under Article 807 of the Civil Service Regulations, the consent of the Government of India is required before any increase can be made by the Durbar to the salaries of the seven Officers enumerated in the statement appended to your letter No. 3 of the 27th August 1894. The Government of India has given a general consent to an increase in the form of Exchange Compensation Allowance to the salaries of all British Officers whose services have been lent to a Native State, subject to certain limitations, namely :—

- (1) that every such Officer would have been entitled to receive Exchange Compensation Allowance from Government under the rules in force, if he were in British, and not in foreign service ; and.
- (2) that the Exchange Compensation Allowance to be granted to him shall not exceed that which the rules in force would allow, if they applied to him.

3. Subject to these limitations, it is, I am to say, within the discretion of the Durbar to refuse, or to partly concede, or to wholly concede, the Exchange Compensation Allowance to any British Officer in the service of the State.

FIRST
ANNUAL REPORT
OF THE
DIRECTORS OF THE
BANGALORE WOOLLEN, COTTON AND SILK MILLS CO.,
LIMITED.

I. In submitting Balance Sheet for 7 months ending 31st May 1885, we feel it necessary to trace the Company's progress during the first 12 months of its existence.

II. The first issue of two thousand shares of one hundred Rupees each, has, up to date, resulted in the response of Rupees 74,991-1-8 in fully paid-up shares, and of Rs. 16,008-14-4 in calls less paid, aggregating a capital of Rs. 91,000. Out of the paid-up capital, the machinery, fittings, and stock of the Old Woollen Mills were taken up, the two former in shares, and the last in money value. Two extra sets of machines were ordered from England, and have now arrived at Madras, awaiting removal to this place. The machinery and freight charges have been fully met, and there remain the building, shafting and engine power to be paid hereafter.

III. At one time it was contemplated, that the vacated Arsenal premises, in the Fort of Bangalore, should take the place of a permanent structure; but this proposal has subsequently been overruled by a majority of the Directors, in favour of a regular Mill building. Tenders have been called, for the construction of Mill premises, but the question of finance now stops the way to further action in the matter.

IV. The Directors are unable to explain why a greater amount of capital has not been subscribed for. The present Mill, with its limited resources, is doing a profitable business, and has actually to refuse orders, owing to want of Manufacturing Power; in fact, the Company enjoys a most powerful and favourable position in the contracts it has secured, and others it could easily obtain, if placed on a proper footing, as regards capital.

V. The Directors are making a further effort to secure fresh shareholders, to represent an amount of capital necessary to start the Company satisfactorily, failing which, it will only be left to carry on a small business as hitherto, with the prospect of some other Company stepping in and taking the place, with large orders and large profits, which this Company would undoubtedly occupy, if the public responded more liberally and readily to its call for additional capital.

VI. The past season has been unusually unfavourable, and the great scarcity of water, and abnormally high rate paid within the past few months for wool, have combined to retard the Company's operations, and brought down the net profits, for seven months actual working, to a low figure, which cannot be accepted as a correct representation of future results.

VII. We suggest, that the sum of Rs. 1,616-2-3, shown by the Auditor as profits, may be carried forward, to form, with the next results, a suitable dividend to shareholders. These profits, nevertheless, taken as the result of the working capital of Rs. 30,800 (the value of the Old Mill Machinery) show a return of 9 per cent, with no liabilities.

Sir,

With reference to my letter of 25th of 15th instant regarding the demand of the Bangalore Woollen & Cotton Spinners & Weavers Association for Rs 4,000/- payable on the allotment of the 100 Shares taken by the Mysore Government, I have the honor to report that the Articles of Association of the Company signed by the persons who subscribed to the Memo of Association have recently been presented for registry, and after examination I have informed Mr Lee that I see no objection to the registration, after they are adopted by a general meeting of Shareholders, with the exception of one clause which appears to me to be at variance with one of the provisions of the Act.

2- I have also advised Mr Lee that the Directors should call the first general meeting of Shareholders, to be held on or before the 10th December, to report the state
of

56- "The Directors may at any time accept from any member on such terms & conditions as shall be agreed, a surrender of his Shares or Stock or any part thereof -"

of its affairs and to adopt the Articles of Association -

3. Mr Lee represents that funds are urgently wanted by the Company for remittance to England for the machinery ordered, and he is solicitous for payment of the Rs 4000/- for the Government Shares. I request early communication of the Dewa's instructions on this point -

Before paying this demand it seems to me

the Company's operations in December 1882, in the end
of which month according to the prospectus, it was
expected that the mill would be erected and the

PROSPECTUS.

This Company is formed for the purpose of taking over the "Bangalore Steam Woollen Mills,"—Machinery, Fixtures, and Good-will, at a valuation of 30,800 Rs. in 308 fully paid-up shares of 100 Rs. each; and for importing additional machinery so as to run 1,500 spindles, producing 1,000 lb. of yarn, and 50 looms weaving 750 yards of cloth per day. And after the Woollen business has been firmly established; or whenever the Directors shall be of opinion that it will be advantageous to the Shareholders, to extend the Woollen works, or to introduce the manufacture of Cotton, or Silk, and the same be passed by votes of the Shareholders at a General Meeting, then the remaining half of the Shares, or such portion thereof as may be voted, shall be issued, and the Shareholders shall have the prior right of subscribing for the same to the extent of the Shares already held by each.

The Machinery and Plant of the existing Mill consist of a complete set of wool carding, spinning, weaving, milling and finishing machines; a 12 H. P. Steam Engine, Hydraulic and Hand-baling presses, Sewing machines. Hand-loom, Spinning wheels, &c. &c., as per Schedule hereto attached.

A Woollen Factory employing manual labor was established, as an experiment, by Mr. Standish Lee in 1877, to ascertain what opening there was for such an undertaking. The receipts commenced with Rs. 10—10—0 in September of that year and reached Rs. 4,624 in December 1879. The experimental stage having therefore ceased, the Proprietor was induced to order out machinery with all the latest improvements and to procure the necessary steam power. These machines have now been working for some time, and the monthly average out-turn, since January 1884, is about Rs. 3,000.

The books of the Mill are open to intending subscribers, for ascertaining the facts set forth above, and for judging the profits made.

The following fact will suffice to show that the undertaking must pay large dividends. Cotton is purchased at Madras at 4 annas per lb., spun there by the steam-mills, and the yarn sold, with a profit, at $5\frac{1}{4}$ annas per lb. The average price of wool is $1\frac{1}{2}$ annas per lb. and Woollen goods, it is well known, fetch larger returns than Cotton. If, therefore, Cotton purchased at 4 annas, can be sold as mule twist at $5\frac{1}{4}$ annas, and mills employed in such work yield from 15 to 25 per cent., wool purchased at $1\frac{1}{2}$ annas and sold at 8 annas a lb. must necessarily yield a very much larger profit.

From the Proceedings of the Dewan of Mysore, No. 869/11, dated 19th April 1884, published below, it will be seen, that the Company starts with valuable concessions, unusual advantages, and every safeguard against miscarriage. The latter condition is most essential in an undertaking which is bound to prove an example to all Public Companies, which may hereafter be started, to develop the enormous resources of this Province that lie at present unproductive, from want of Capital to work them; and which Capital can only be raised by the formation of Public Companies on a sound footing.

The Direction, and Board of Management, represent entirely local interests, and will, therefore, work the Mill on the most economic principles. The undertaking is also one that can be judged from results already obtained, and therefore does not contain the elements of conjecture, speculation, and calculation, as to probable results, on which industries new and untried in the Province must of necessity be based.

Among the Provisional Directors are some of the best known, and most influential public men of the Province, and their presence on the Board of Direction, is a guarantee, that neither promotion-money, bonus, nor commission shall be paid to any party. The appointment of two Ex-officio Directors, is a proof of the interest taken by the Government for advancing this undertaking, and securing its success.

The remuneration of the Agents will consist of 10 per cent, on the net profits of the Company.

It is expected, that the Mill will be erected and the additional machinery set up and fully at work, before the end of December 1884.

Applications for shares must be accompanied by a payment of 10 Rs. per share. The subscription list will be closed on the 30th June 1884.

Should no allotment be made, the deposit will be returned in full.

Prospectuses, Articles of Association, and Forms of application for shares, may be obtained from the Secretary's Office, Bangalore.

A List of the Capital already subscribed accompanies this Prospectus.

MEMORANDUM.

The following Extracts will show to what extent the Imperial, the several Local Governments of Madras and Bombay, and the Mysore Durbar are prepared to assist and encourage the undertaking.

Extract, Resolution of the Government of India, with regard to the supply of Articles of European manufacture.

The utmost encouragement, consistent with true economy, should be given to the supply of European articles of the local market: and whenever it is possible to do so, articles of local manufacture of indigenous origin should be substituted for European articles.

Government of Madras, Financial Department, No. 2,002, dated 6th November 1878.

It being the desire of the Secretary of State and the Government of India that local markets should be used to the utmost * * * the Government direct that an extract from Mr. Lee's letter be communicated to the Military Department, the Inspectors-General of Police and Jails, the District Magistrate, and all heads of Departments for information.

No. 6717, General 1390; dated Bangalore 24th December 1879.

Para 2. Mr. Lee also asks assistance in several ways. First by placing within his reach statistics of the wool produce of the Province. The request is perfectly reasonable, * * * Mr. Gordon * desires that Deputy Commissioners may report in what way they could periodically gather and communicate useful statistics of Wool—its price, the amount in the market, the localities where produced, and its quality * *

Secondly, the improvement of the fleece. * * * It is Mr. Gordon's intention to revive the Nundydroog cattle show, when prizes will be offered for sheep with good wool.

Thirdly, the exemption from all taxes, * * * Mr. Gordon will approve of the municipality remitting taxes on Mr. Lee's premises and business, for such time as may seem good to them.

Para 6. Mr. Gordon desires, that before going elsewhere for baize, flannel, carpets, constables' clothes, serges, blankets and the like, all officers requiring a supply of them will first inspect Mr. Lee's samples. * *

Extract from Gazette of India.

It will now rest with your Government to adopt such measures, as you may deem most conducive, to stimulate the growth and development of local manufactures, essential to the needs of the State.

* * I entirely approve of your Government accepting any suitable cloth of local manufacture, that may be offered for sale at a favorable price.

Extract, Proceedings of the Dewan of Mysore, No. 310—54, dated 4th August 1881.

Para 2. The supply of clothing for the Police Department may be given to Mr. Lee experimentally, on the condition that the materials used are of the best quality, and that the prices are fair.

Quantity of Blue Woollen cloth required annually is 4,000 yards at Rs. 3-2-0 per yard, 52 inches wide.

Extract from letter No. 5067, dated 4th October 1882, from Inspector General of Police, Madras:

"I consider the cloth which you sent worth trying, as a material for the Woollen Coats issued to the Police for wear during the monsoon and cold weather," &c., &c.

Quantity of cloth required, Blue Woollen	5800 yards at Rs.....	2	9	9
Do do Blue Serge...	900 ,, at ,, ...	1	15	3

Government of Madras, Military Department, No. 3812, dated 22nd July 1882.

Para 2. If, however, Mr. Lee considers it worth his while to supply blankets, required for the use of the European troops in this Presidency, at English rates (Rs. 2—15—6), the Government will be prepared to consider his proposal for a five years' contract.

Number of blankets required 13,881.

Extract Pro. Government of India dated 22nd September 1882.

Para 4. * * * It is now very clearly recognized, that the greatest economic want of India is the creation of Industrial pursuits. * * * And it is distinctly the duty of the State to do nothing to hinder their spontaneous growth, but, as far as it legitimately can, to stimulate and assist their development.

Proceedings of the Chief Commissioner of Coorg, Order No. 1050—279, dated Bangalore 26th August 1882.

In para 6 of Chief Commissioner's Proceedings of 1879, "it was directed, that before going elsewhere for baize, flannel, carpets, constables' cloths, serges, blankets and the like, all Officers requiring a supply of them will first inspect Mr. Lee's samples, &c."

Para 2. * * * * The Commissioners are requested to see that the orders of the Chief Commissioner in this respect are obeyed.

A FEW EXTRACTS FROM ORDERS UNDER EXECUTION ARE ALSO GIVEN, TO SHOW THE SUCCESS THAT HAS ALREADY ATTENDED THE WOOLLEN MILL.

Extract from letter from Storekeeper General, Bombay, No. L. 49—1595, dated 19th June 1883.

Letter from Messrs. Standish Lee and Rai Bahadur Arcot Narainsawmy Moodelliar, dated 15th September 1881.

Proceedings of the Dewan No. 525/13, dated 22nd April 1882.

Order thereon No. 869/11, dated 19th April 1884.

In Proceedings No. 525/13, dated Bangalore 22nd April 1882, certain concessions were granted to Messrs. Standish Lee and Arcot Narainsawmy Moodelliar, with the view of enabling them to establish a Paper Manufactory at Bangalore. They have had to abandon the proposal for a Paper Manufactory, and they now apply that similar concessions may be granted towards the establishment of a Woollen Mill at Bangalore. The Government are of opinion, that the Woollen Industry, in a wool producing province like Mysore, requires to be stimulated by the substitution of suitable machinery for the manual labor now employed, the industry will rapidly develop and a great impetus will be given to the production of wool. The Government, therefore, fully recognize the usefulness of a Woollen Mill worked by steam machinery at Bangalore, and will readily extend to the undertaking, the concessions promised to Messrs. Standish Lee and Arcot Narainsawmy Moodelliar for a Paper Manufactory in the Order of 22nd April 1882.

The Government also note, with satisfaction, that the proposed Mill has the advantage of starting with the machinery and business of a Mill already in working, the owners of which make over the machinery and business for a certain number of shares in the proposed Company.

Under such circumstances, His Highness the Maha Rajah's Government is prepared to extend some reasonable support to the undertaking, by subscribing for shares of the total value of Rs. (10,000), ten thousand, which will secure to the Shareholders the advantage of two Government Officers serving in the Direction. When the industry is fully established, Government may probably decide to retire from it, by disposing of its shares.

The Government will also undertake to purchase, all articles of Woollen Clothing required by it, from the Company for a certain number of years; but this will be subject to the conditions that, the articles supplied by the Company are of good quality, and are not charged prices in excess of those for which they could be obtained in the market.

The other concessions asked are of minor importance. No taxes are at present levied on Woollen goods, and there is no difficulty in guaranteeing exemption from such tax for a period of 12 years.

The grant of a free site for the Mill will be made on a definite application being received, indicating the locality and extent, provided the land is the property of Government.
